

WARRANTY POLICY (On Highway)

K.G. Industries Ltd. warrants welded and structural components including axle tube, spindle, spiders and air chamber brackets to be free of defects in material and workmanship under normal service conditions for a period of 5 years from date of shipment. KG Industries Ltd will cover labor repair costs for a period of 1 year. Labor times will be based on standard repair times (SRT's).

Exclusions and Limitations:

- Axle must be installed in accordance with KGI procedures.
- Warranty covers defective materials and workmanship and is limited to the reconditioning or replacement of defective parts only.
- Warranty is limited to on-highway or approved applications and does not apply if the axle is damaged through accident, misuse, overloading, improper installation, improper maintenance or modification.
- Warranty is limited to the original purchaser.
- Warranty does not cover wear components. Brake shoes and linings, camshafts, bushings, bearings, seals and all other wear components are not covered by warranty. These items will carry the individual manufacturer's warranty policy.
- All vendor components carry the individual manufacturer's warranty policy.
- The serial number of the axle must be provided with all warranty claims.
- KGI may request that defective parts be returned to KGI for inspection. This may be a condition of warranty coverage being granted. Failure to return requested parts may delay or void the warranty claim.
- All warranty claims require a review and evaluation by KGI prior to warranty coverage being confirmed, all claims must be submitted within 60 days of repair.
- In no event shall KG Industries be responsible for special, incidental or consequential damages of any kind including, but not limited to, towing, downtime, lost productivity, cargo damage, taxes or any other losses or cost resulting from a defective covered component.

All warranty terms stated here are subject to the full discretion of KG Industries Ltd.
